Intro. To French: Pencils, 1 notebook, 1 dry erase marker.

French 1A: Pencils, notebook, bag/envelope with name on it for flashcards, a pocket folder in binder for handouts, 1 dry erase marker.

Math Classes - For students enrolled in Algebra, it is highly recommended to purchase a TI-84 graphing calculator. Students will be able to use this device through middle and high school. It is a huge help when writing and graphing linear equations; a basic TI-34 multi-view can also be purchased instead of the TI-84, but will not have all the necessary functions for graphing calculations.

Reading Classes - Earbuds or headphones w/ a microphone, two-pocket folder

Thank you for your support of our school!
