

# OUR COMPREHENSIVE PLAN

## OUR MISSION

Students are the focus of the Rose Tree Media School District learning community. All students will reach their intellectual, emotional, social, and physical potential in a safe environment that celebrates diversity, individual talents and efforts, and promotes collaboration, caring, respect, and leadership. Students will be well prepared to create meaningful and productive lives in a global society.

## OUR VISION

All members of the school community are lifelong learners committed to continuous improvement, who contribute to a diverse yet globally connected world. All members of the school community are able to use technology to extend, enhance, and facilitate learning and develop other 21st Century Skills. All community stakeholders are dedicated to ensuring that students acquire the knowledge and skills necessary to enhance and fully develop their unique potential.

## KEY PRIORITIES

Build **collective efficacy** through Professional Learning Communities that are focused on a learn, apply, and reflect model for building highly effective instructional practices that support student learning outcomes and lead to continuous improvement.

Implement instructional practices and learning experiences which reflect a **contemporary model of teaching and learning**.

Ensure all students graduate with the **skills, knowledge, and confidence** to pursue productive and meaningful lives.

Provide programs to strengthen the **social, emotional, and physical wellness** of students and staff.

## MEASURABLE GOALS

- 1** The district will establish a system that fully ensures consistent implementation of standards-aligned curricula and assessment across all schools for all students through the development of Understanding by Design curricula documents for all K-12 courses.
- 2** The professional development committee will create a series of professional learning options for teachers on contemporary models of teaching and learning, including pedagogy and practice.
- 3** Innovative, rigorous, and engaging instructional technology will be implemented throughout the district's K-12 educational program.
