Chart Types

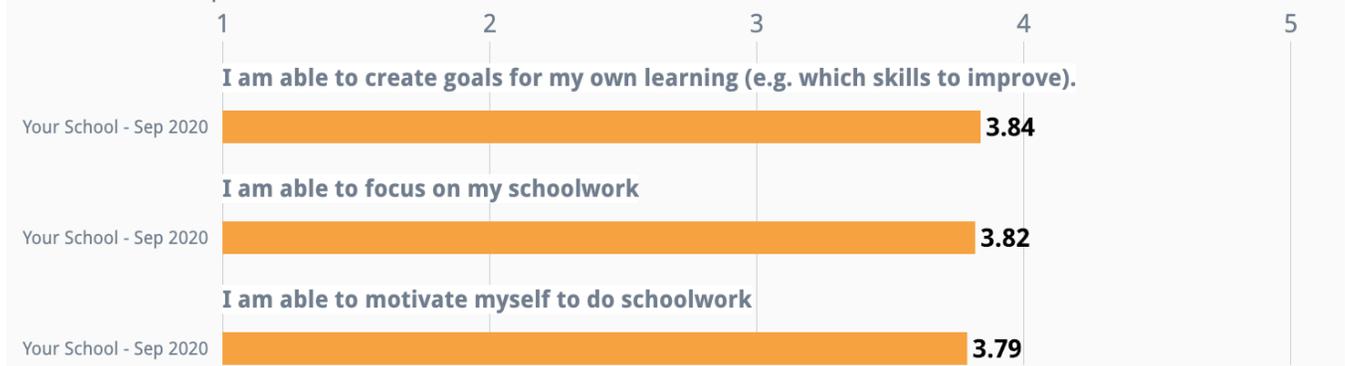

Percentile Charts

Average Ratings Bar Charts display an average score on a 1 to 5 scale.

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Your School - Sep 2020

Percent Positive Charts show the percentage of respondents that chose either a 4 or a 5. This chart type allows you to share data at a school/district level by maneuvering to the right hand side of the chart and clicking on any of the share icons.

Question	Your School - Sep 2020	Share
Discipline in this school is fair	55%	 
My classmates want to do well in school	67%	 
Adults from my school treat students with respect	80%	 
Students from my school treat adults with respect	58%	 

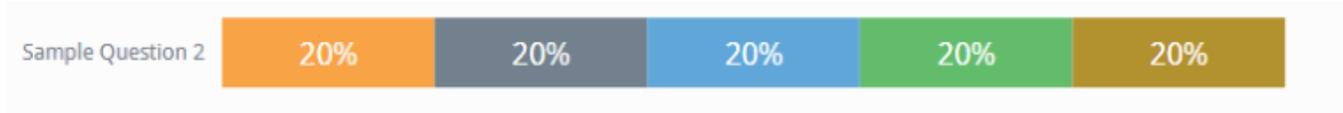

Response Distribution Charts show the proportion of respondents who chose each response option for questions on a scale of 1 to 5, where 1 is the most negative and 5 is the most positive response (known as a likert question). A variety of different response distributions can result in the same average rating, so this breakdown can help provide additional context.

For example, two very different response distributions could both have an average rating of '3'.

In sample question 1 below, the majority of respondents (70%) feel neutral about the question, with a handful of respondents having a more negative or more positive experience.

In sample question 2 below, there is a much greater variation in respondent experience.

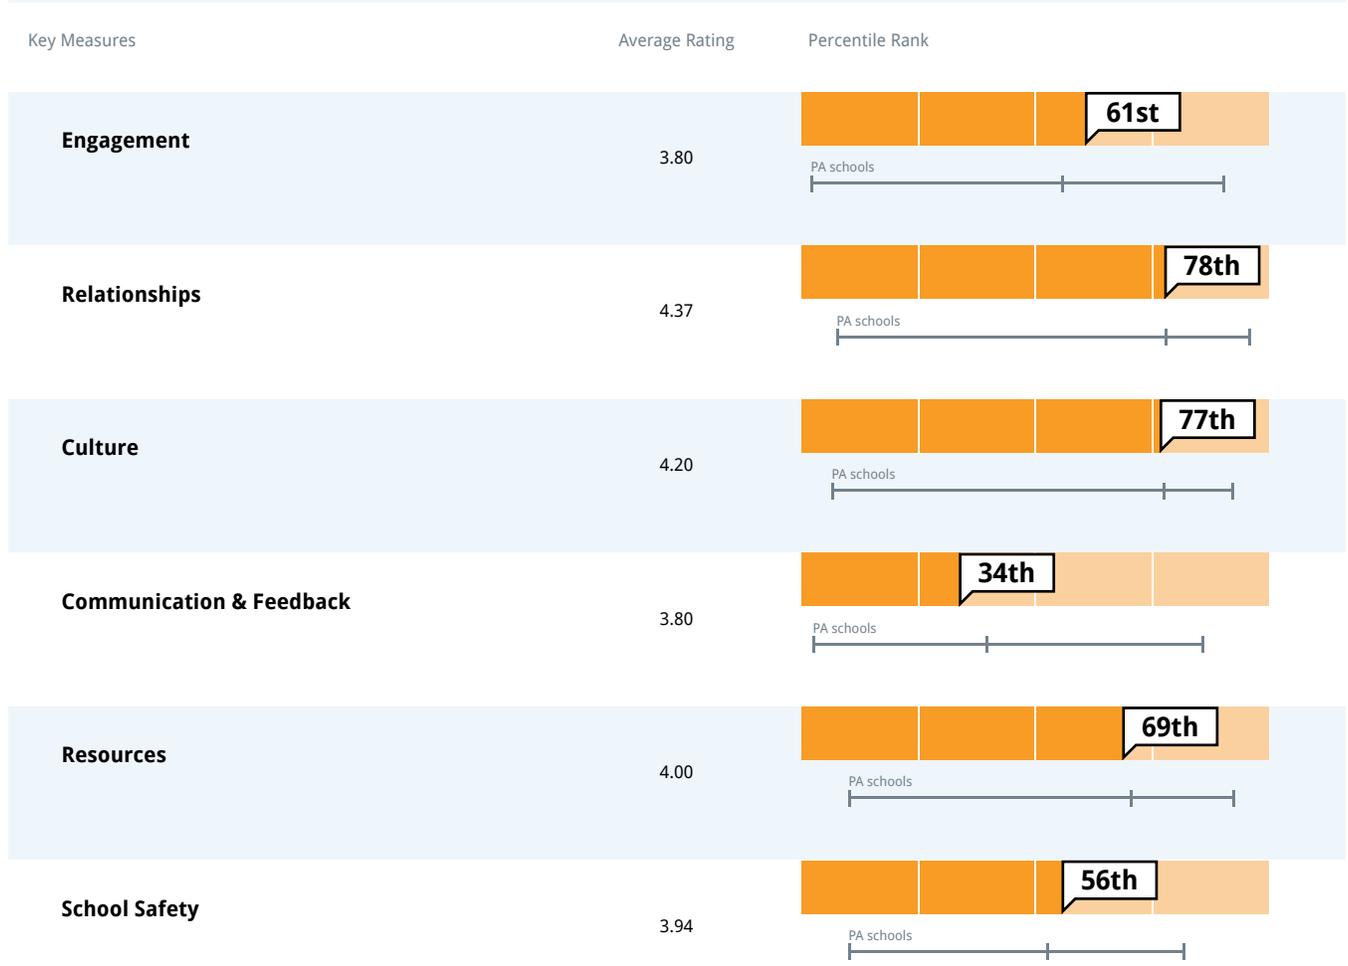

Average Ratings bar charts, Percent Positives, and Response Distributions are repeated twice per survey item. Once with an overall result displaying the school's/district's scores with the ability to compare results to other schools in a same cohort. They are also shown as subgroup charts, where data can be disaggregated by demographics.

KEY RATINGS

Youth Truth

STUDENT SURVEY

A NATIONAL NONPROFIT

Key Measures	Average Rating	Percentile Rank
Distance Learning Rating of overall experience with distance learning.	4.09	
Diversity, Equity & Inclusion (DEI) Degree to which adults value people of different backgrounds.	4.09	

The additional topics section of the key ratings page are summary measures of any additional topics your school added to the survey. Given that they are separate datasets (with fewer schools and responses than the core topics), we display these measures in a separate chart.

*Your school is in this cohort (*School Reports only*).

EXECUTIVE SUMMARY

Family members at RTMSD were surveyed in November 2021 about their perceptions of their school in terms of Engagement, Relationships, Culture, School Safety, Resources, and Communication and Feedback.

In order to put feedback into context, this report compares RTMSD family members' ratings to the ratings from family members at **475** other elementary schools across the country.

Compared to other participating elementary schools, RTMSD's **highest rated themes** were:

- Relationships
- Culture

and the **lowest rated themes** were:

- Communication & Feedback
- School Safety

Compared to other participating elementary schools, RTMSD's **highest rated question** within the key themes was:

- *Families and teachers care about each other.* (which is in the Relationships theme)

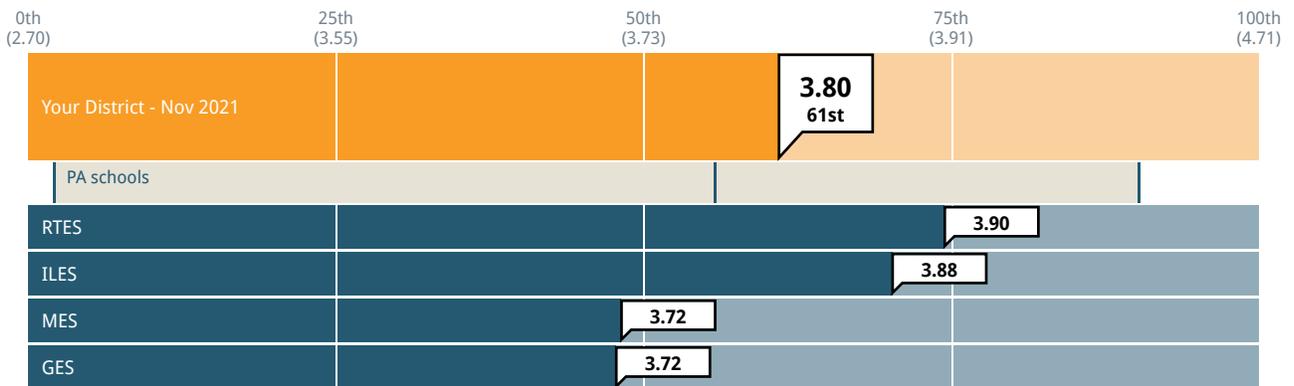

and the **lowest rated question** within the key themes was:

- *I receive regular feedback about my child's progress.* (which is in the Communication & Feedback theme)

This report represents feedback from **905** family members. **Based on the enrollment data provided, you had a 47% response rate.** Please refer to the Appendix section for more information about the demographics of the respondents.

Engagement Summary Measure

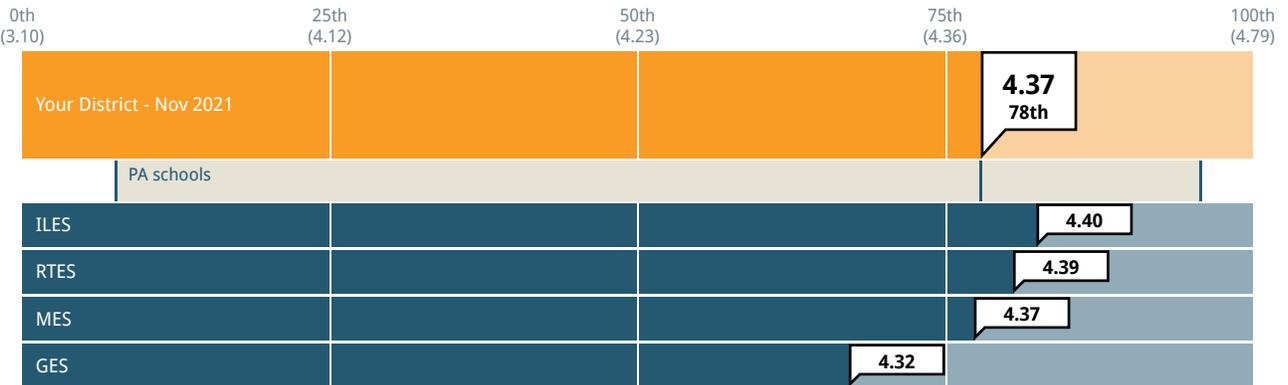

This summary measure describes the degree to which families are engaged in their school and empowered to influence decision making.

Cohort: PA schools Past results: on Subgroup: School

Relationships Summary Measure

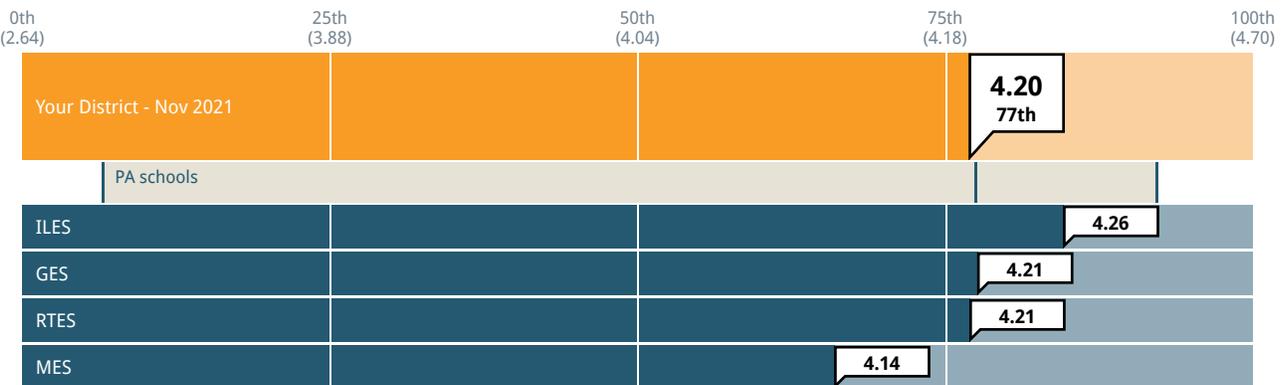

This summary measure describes the degree to which families experience positive relationships in their school based on respect, care and approachability.

Cohort: PA schools Past results: on Subgroup: School

Culture Summary Measure

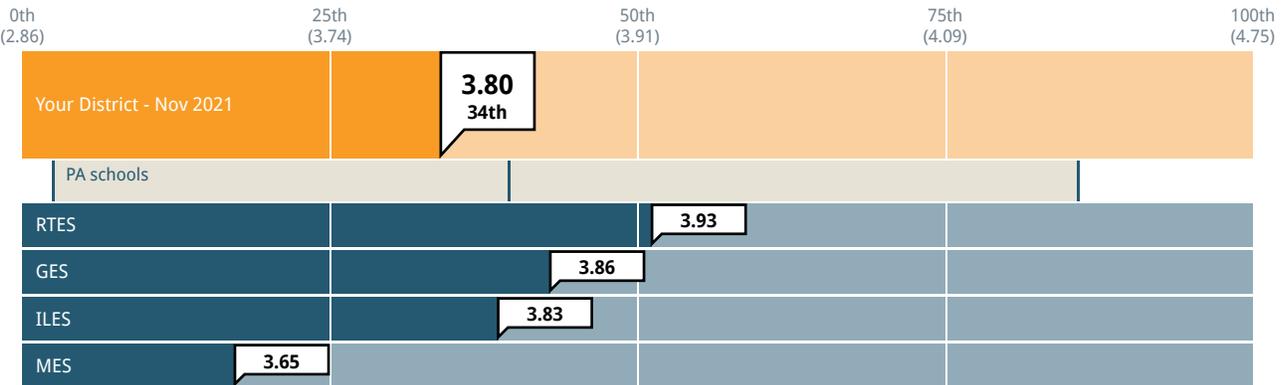

This summary measure describes the degree to which families believe their school fosters shared goals, respect, fairness, and diversity.

Cohort: PA schools Past results: on Subgroup: School

Communication & Feedback Summary Measure

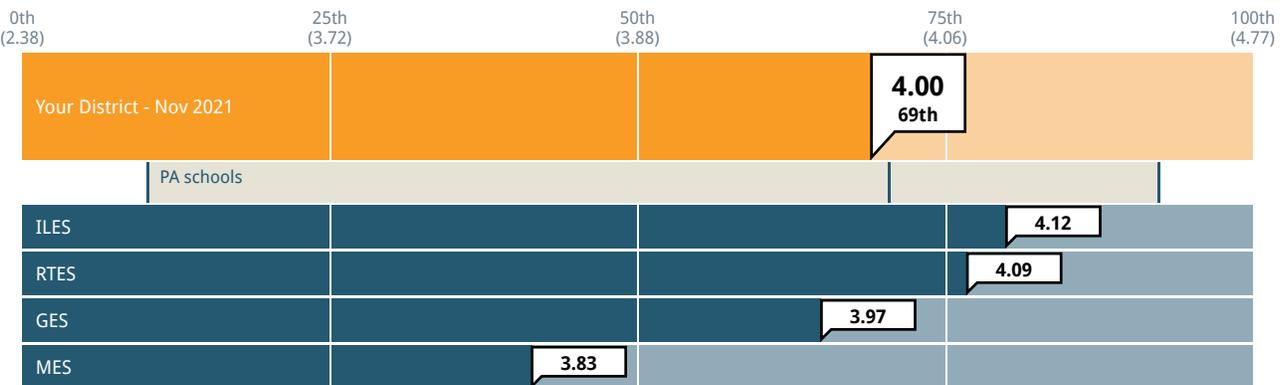

This summary measure describes the degree to which there are open and effective lines of communication between families and schools.

Cohort: PA schools Past results: on Subgroup: School

Resources Summary Measure

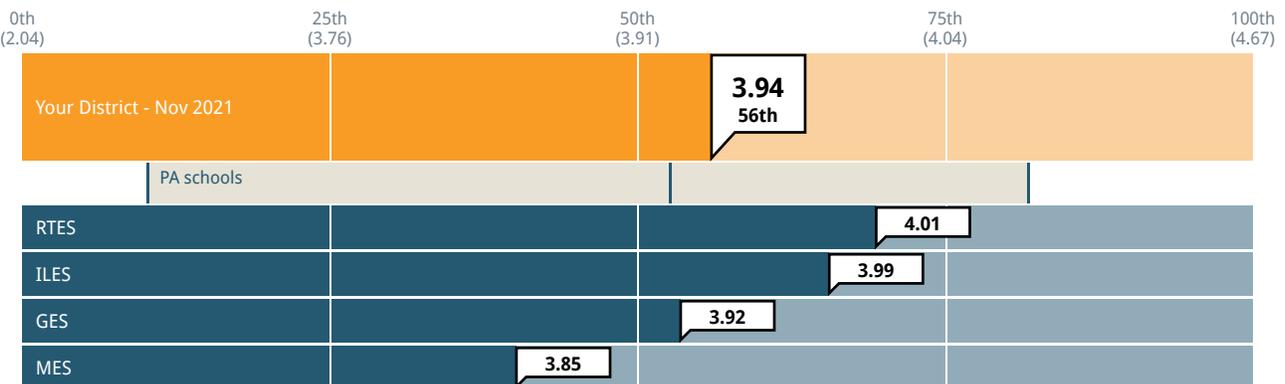

This summary measure describes the degree to which families believe that their school deploys the necessary resources to support students.

Cohort: PA schools Past results: on Subgroup: School

School Safety Summary Measure

This summary measure describes the degree to which families believe that their school is a safe place for students.

Cohort: PA schools Past results: on Subgroup: School

*Your school is in this cohort (*School Reports only*).

Executive Summary Percent Positives

Executive Summary Percent Positives: this table displays the percentage of respondents whose average rating across the questions in the theme was greater than 3.5 out of 5 - Overall

ENGAGEMENT

Within the Engagement theme, compared to other participating elementary schools, the **highest rated question** for RTMSD was:

- *Parent/family members are included in planning school activities.*

and the **lowest rated question** was:

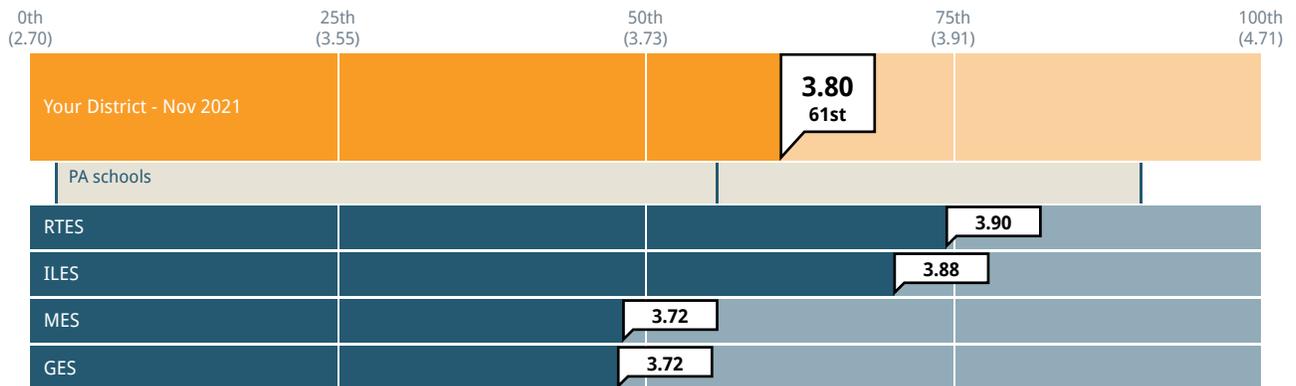

- *I feel empowered to play a meaningful role in decision-making at my school.*

Here is the full list of questions in the Engagement theme:

- I feel engaged with my school.
- I feel informed about important decisions regarding my school.
- Parent/family members are included in planning school activities.
- I feel represented by parent/family groups (i.e. Parent-Teacher Association) at my school.
- I feel empowered to play a meaningful role in decision-making at my school.

Engagement Summary Measure

This summary measure describes the degree to which families are engaged in their school and empowered to influence decision making.

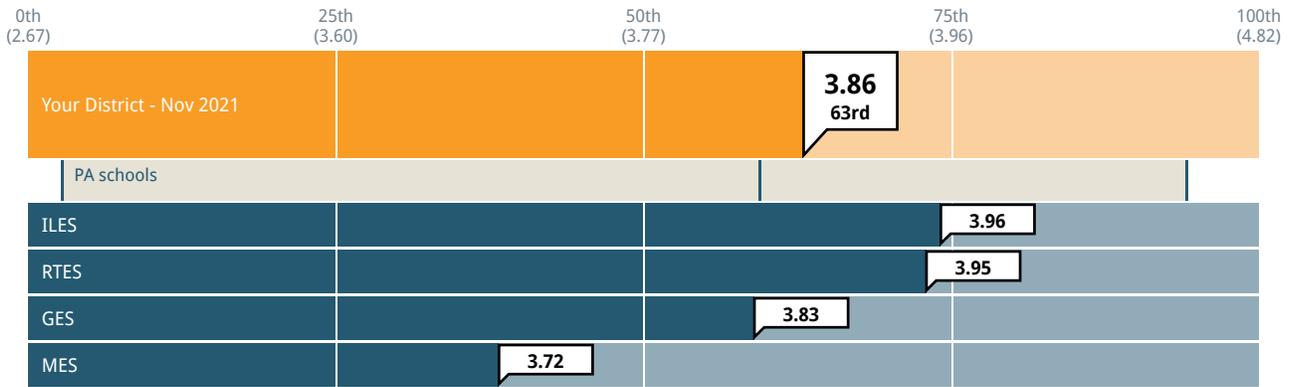

Cohort: PA schools Past results: on Subgroup: School

Engagement Percentile Charts

I feel engaged with my school.

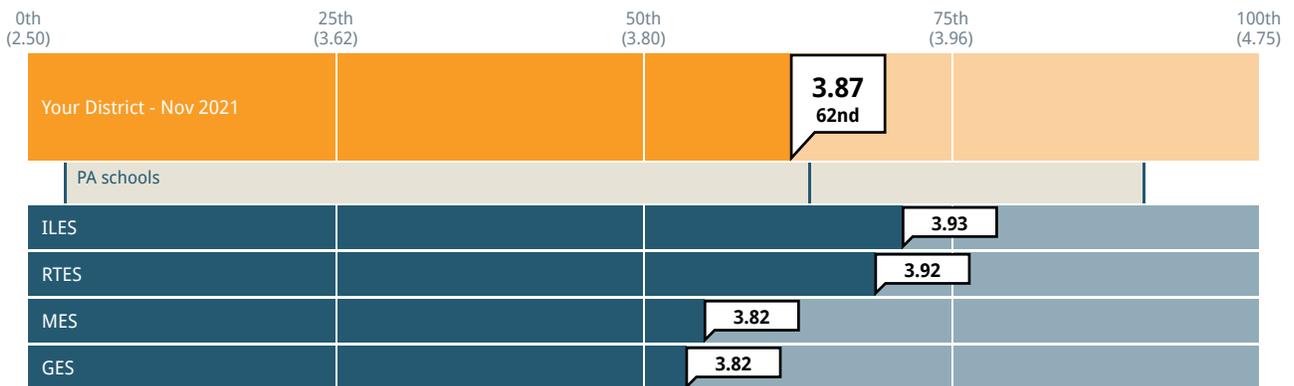

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

I feel informed about important decisions regarding my school.

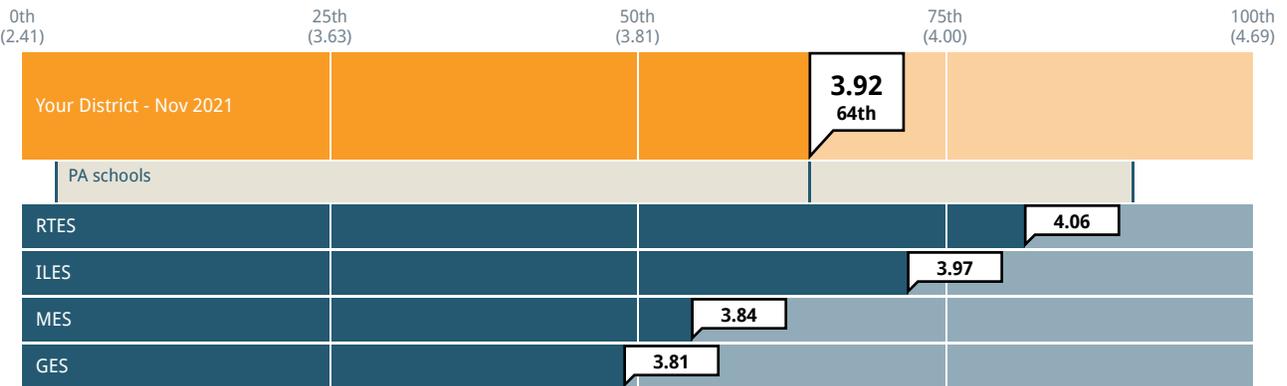

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

Parent/family members are included in planning school activities.

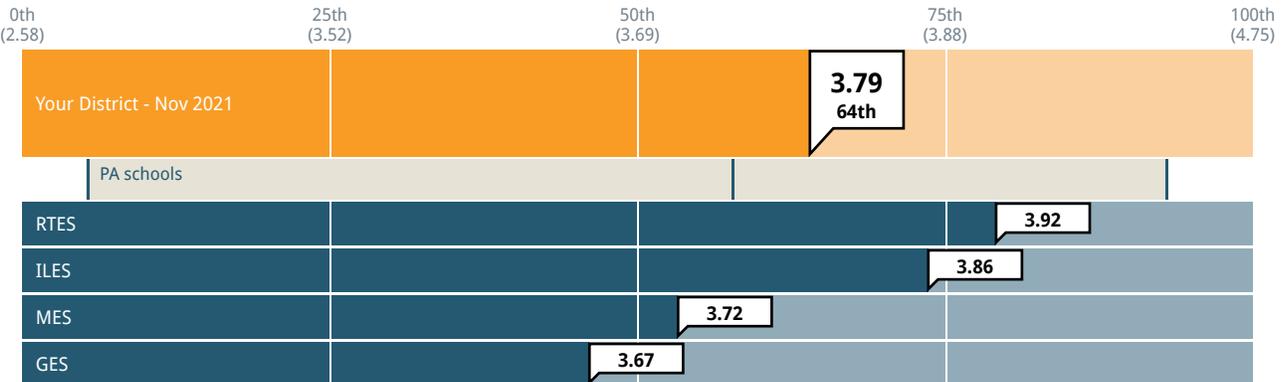

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

I feel represented by parent/family groups (i.e. Parent-Teacher Association, School Site Councils, Advisory Councils, etc.) at my school.

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

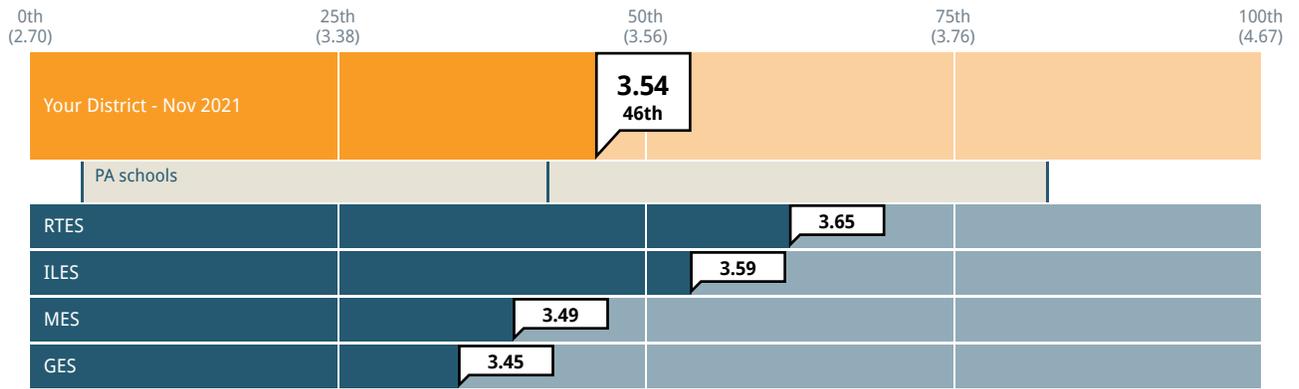

Cohort: PA schools Past results: on Subgroup: School

The question below focuses specifically on **empowerment** as it relates to **engagement**.

I feel empowered to play a meaningful role in decision-making at my school.

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

RELATIONSHIPS

Within the Relationships theme, compared to other participating elementary schools, the **highest rated question** for RTMSD was:

- *Families and teachers care about each other.*

and the **lowest rated question** was:

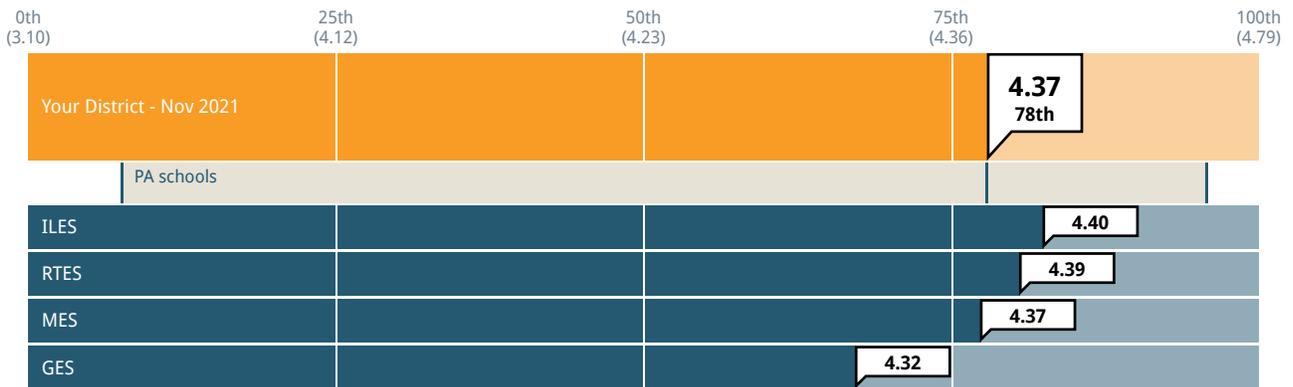

- *I feel comfortable approaching the administration about my concerns.*

Here is the full list of questions in the Relationships theme:

- Administrators treat families with respect.
- Teachers treat families with respect.
- Teachers and students care about each other.
- Families and teachers care about each other.
- I feel comfortable approaching the administration about my concerns.
- I feel comfortable approaching teachers about my child's progress.

Relationships Summary Measure

This summary measure describes the degree to which families experience positive relationships in their school based on respect, care and approachability.

Cohort: PA schools Past results: on Subgroup: School

Relationships Percentile Charts

School administrators treat families with respect.

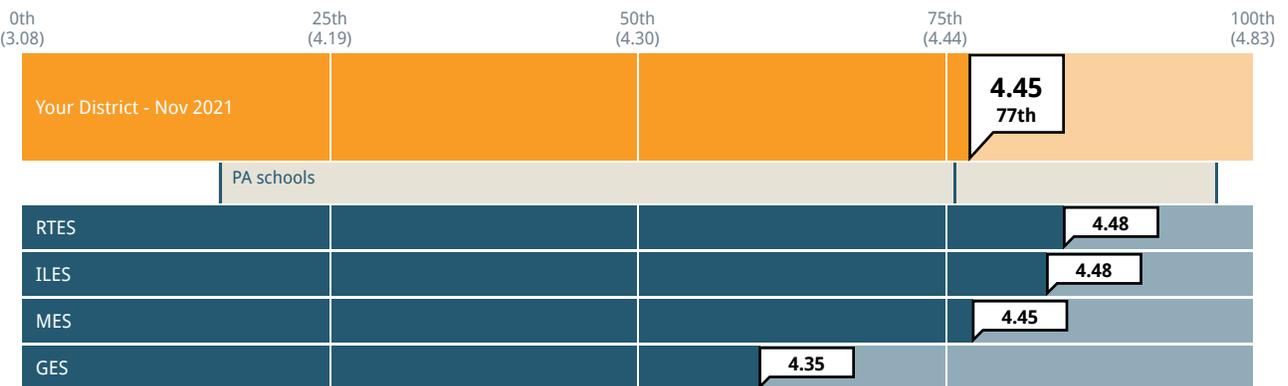

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

Teachers treat families with respect.

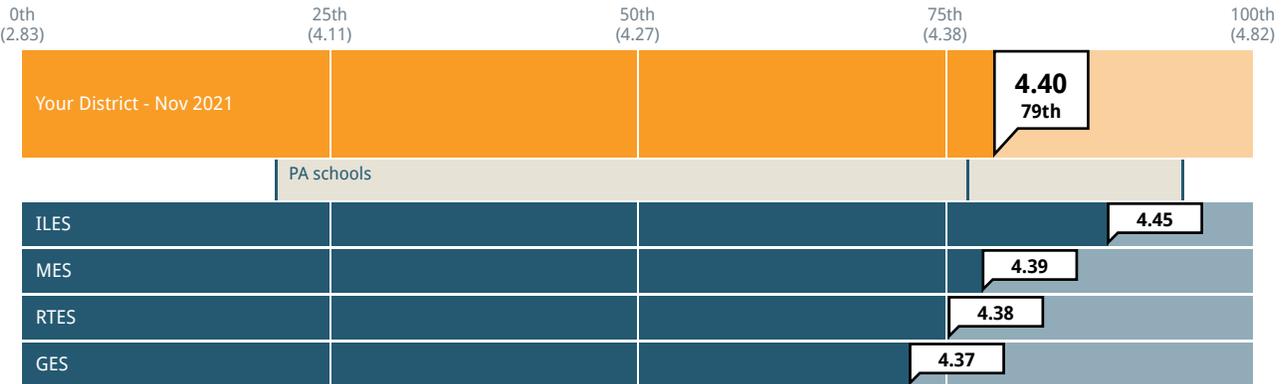

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

Teachers and students care about each other.

CULTURE

Within the Culture theme, compared to other participating elementary schools, the **highest rated question** for RTMSD was:

- *My school runs smoothly.*

and the **lowest rated question** was:

- *My school's policies are administered fairly and consistently.*

Here is the full list of questions in the Culture theme:

- My school's policies are administered fairly and consistently.
- My school runs smoothly.
- I am proud of my school.
- My school creates a friendly environment.
- I believe in my school's mission.
- I feel valued by my school.

Here are the related questions in the culture theme:

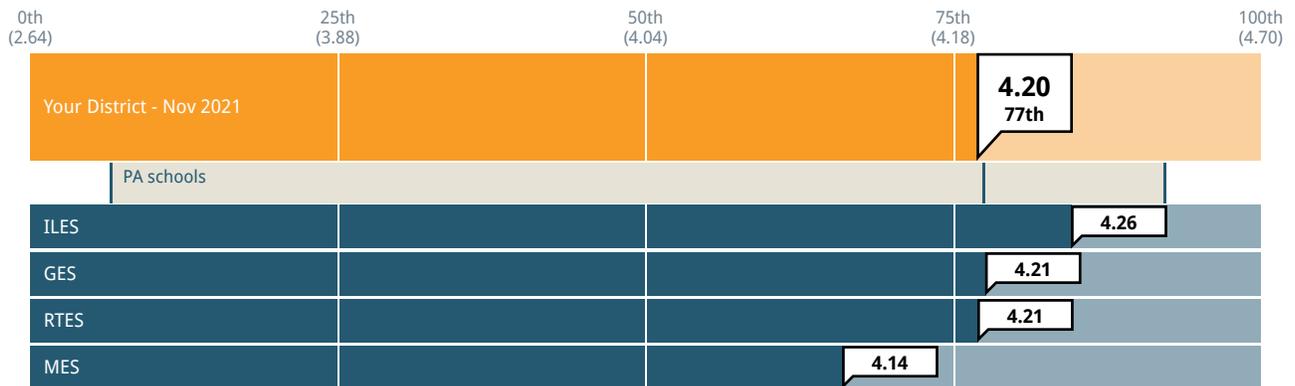

- Discipline in this school is fair.

In addition, families were asked about whether people of different backgrounds are respected by the school:

- My school respects people of different religions and faiths.
- My school respects people of different sexual orientations (e.g. gay, straight, bisexual, etc.).
- My school respects people of different abilities (people with disabilities).
- My school respects people of different gender identities (e.g. men, women, people who identify in a different way).
- My school respects people of different incomes. (how much money someone makes).
- My school respects people of different races/ethnicities.
- My school respects people of different countries of origin.

Culture Summary Measure

This summary measure describes the degree to which families believe their school fosters shared goals, respect, fairness, and diversity.

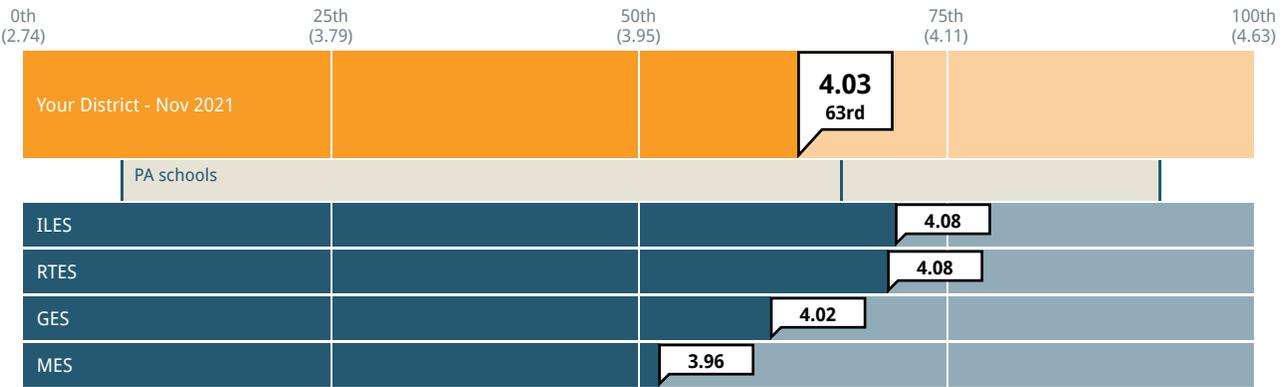

Cohort: PA schools Past results: on Subgroup: School

Culture Percentile Charts

My school's policies are administered fairly and consistently.

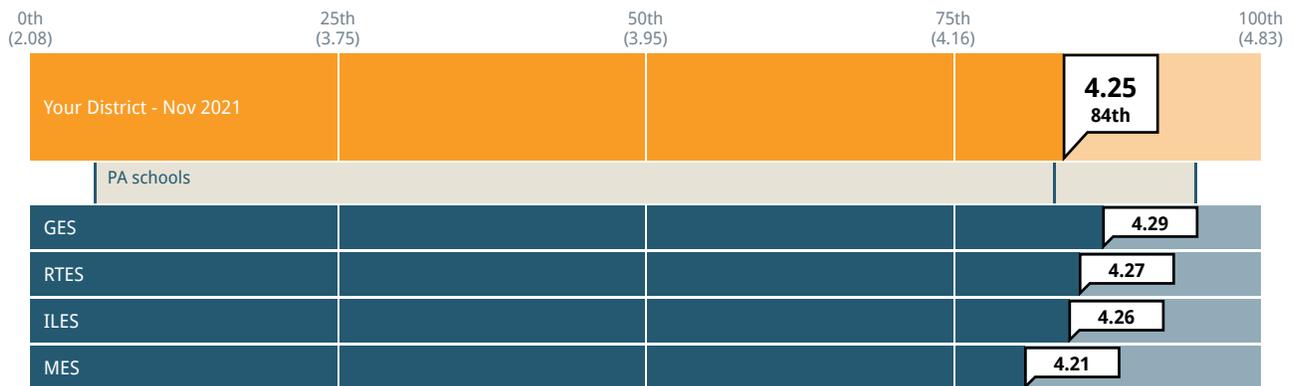

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

COMMUNICATION & FEEDBACK

Within the Communication & Feedback theme, compared to other participating elementary schools, the **highest rated question** for RTMSD was:

- *I receive information about what my child should learn and be able to do.*

and the **lowest rated question** was:

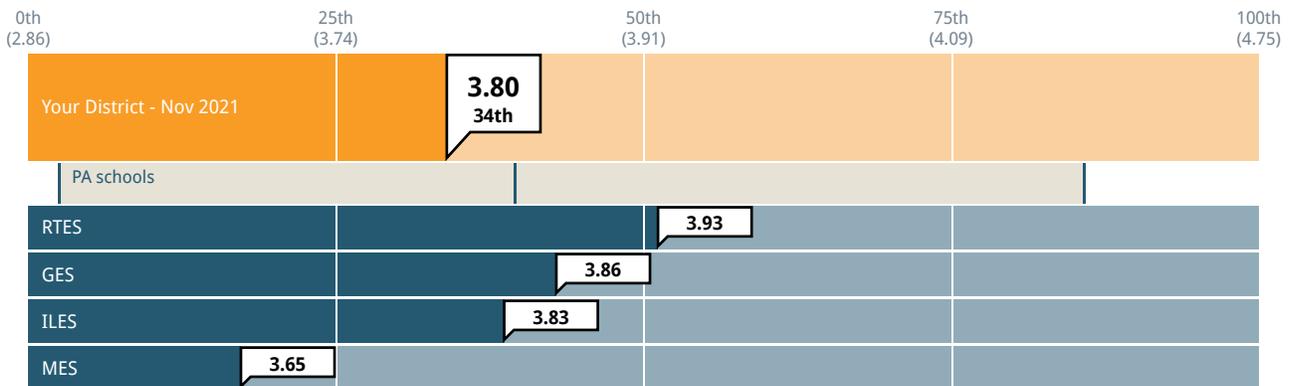

- *I receive regular feedback about my child's progress.*

Here is the full list of questions in the Communication & Feedback theme:

- I receive regular feedback about my child's progress.
- I receive information about what my child should learn and be able to do.
- Teachers clearly communicate expectations for my child's progress.

Communication & Feedback Summary Measure

This summary measure describes the degree to which there are open and effective lines of communication between families and schools.

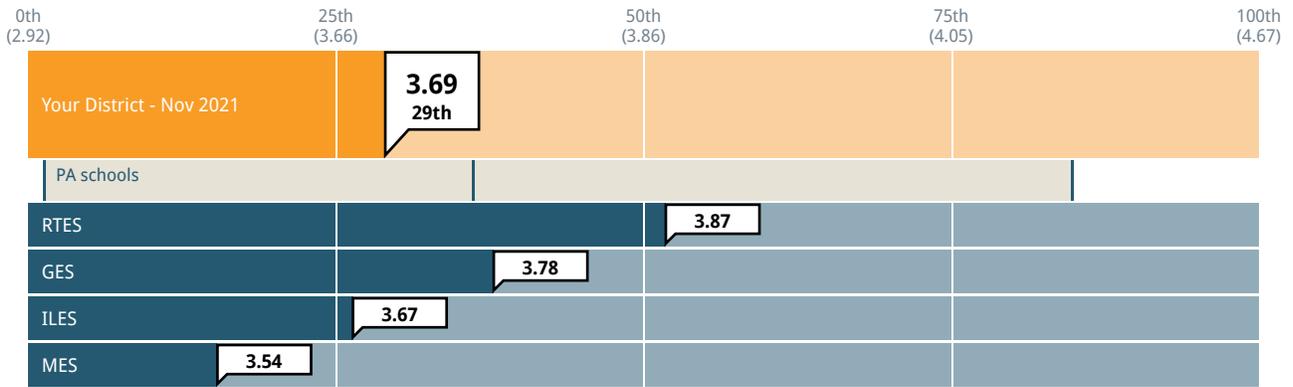

Cohort: PA schools Past results: on Subgroup: School

Communication & Feedback Percentile Charts

I receive regular feedback about my child's progress.

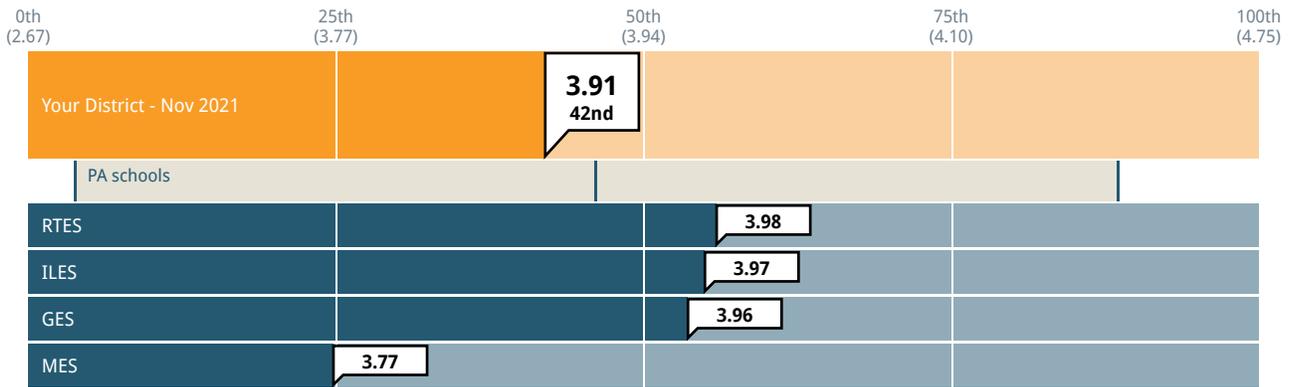

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

I receive information about what my child should learn and be able to do.

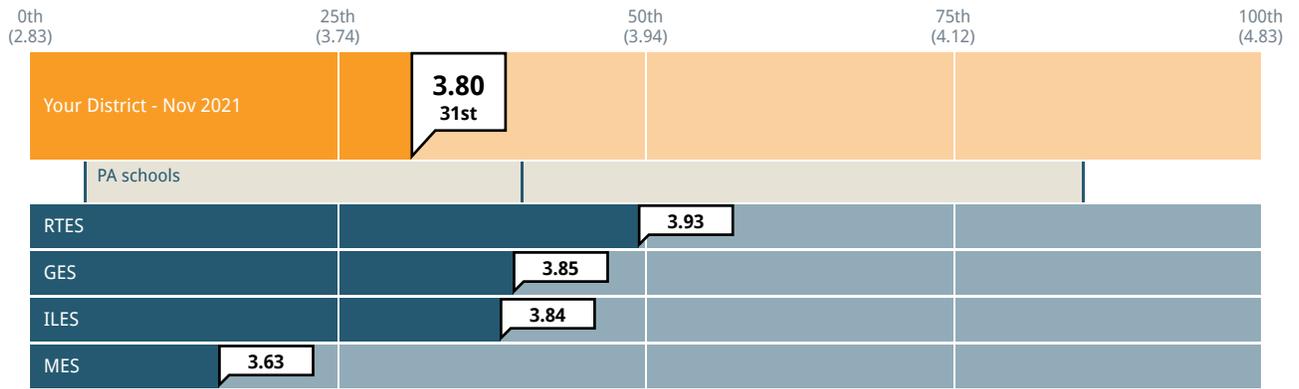

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

RESOURCES

Within the Resources theme, compared to other participating elementary schools, the **highest rated question** for RTMSD was:

- *My school has the resources necessary to achieve learning goals.*

and the **lowest rated question** was:

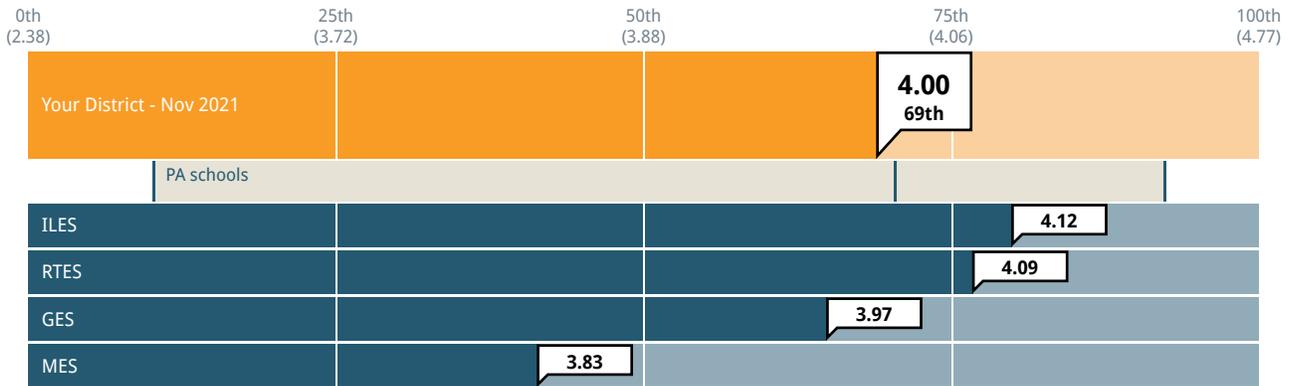

- *My school sets high expectations for students.*

Here is the full list of questions in the Resources theme:

- My school has the resources necessary to achieve learning goals.
- My school has the resources necessary to prepare my child for the future.
- My school provides the guidance necessary to help my child succeed.
- My school sets high expectations for students.

Resources Summary Measure

This summary measure describes the degree to which families believe that their school deploys the necessary resources to support students.

Cohort: PA schools Past results: on Subgroup: School

Resources Percentile Charts

My school has the resources necessary to achieve learning goals.

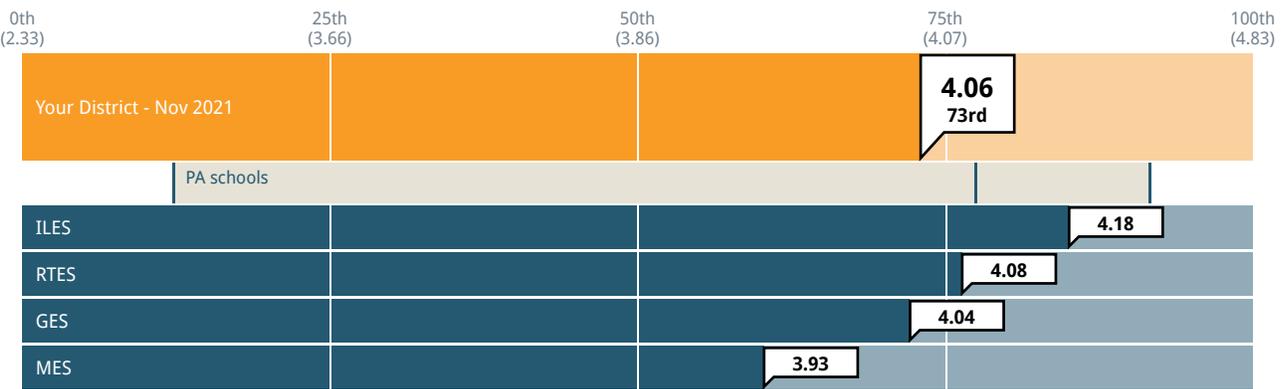

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

My school has the resources necessary to prepare my child for the future.

SCHOOL SAFETY

Within the School Safety theme, compared to other participating elementary schools, the **highest rated question** for RTMSD was:

- *My school is a safe place to learn.*

and the **lowest rated question** was:

- *My child is safe from bullying at school.*

Here is the full list of questions in the School Safety theme:

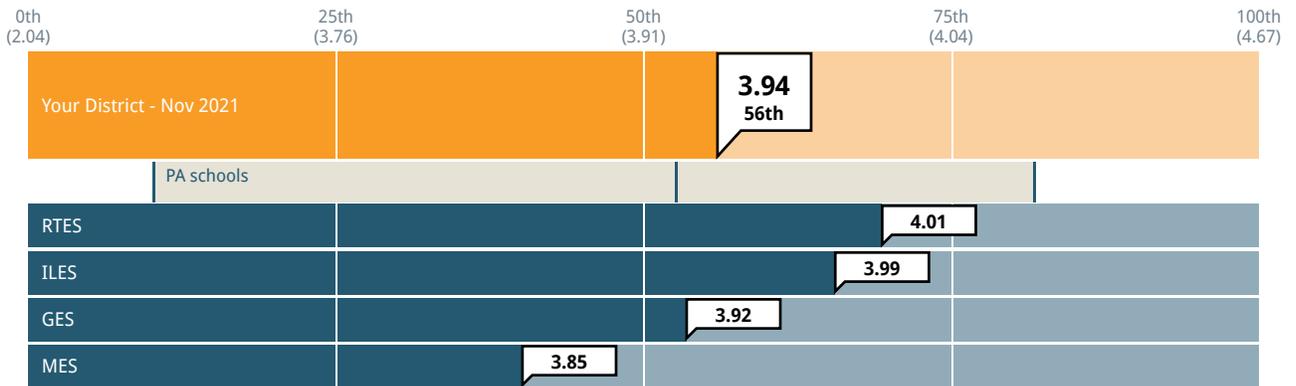

- My school is a safe place to learn.
- My child is safe from bullying at school.

Here are the related questions:

- My child is safe from violence at school.

School Safety Summary Measure

This summary measure describes the degree to which families believe that their school is a safe place for students.

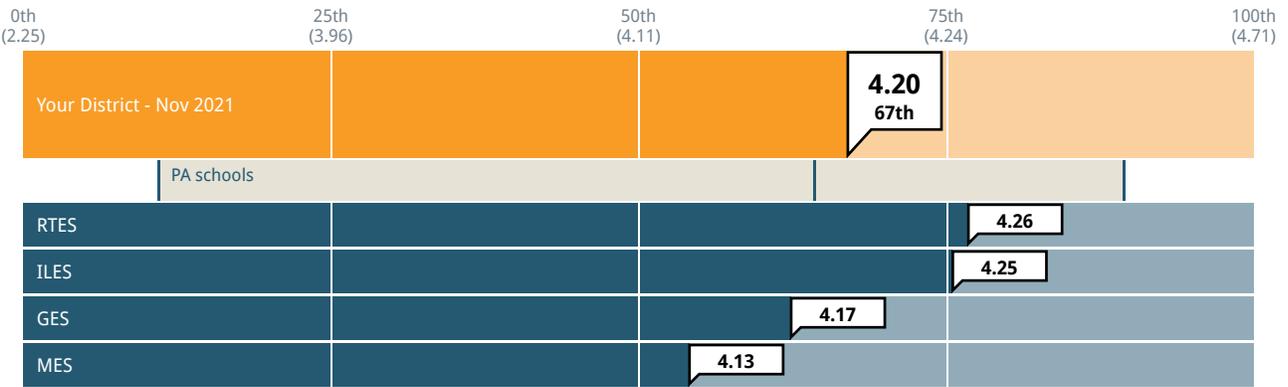

Cohort: PA schools Past results: on Subgroup: School

School Safety Percentile Charts

My child's learning environment is safe.

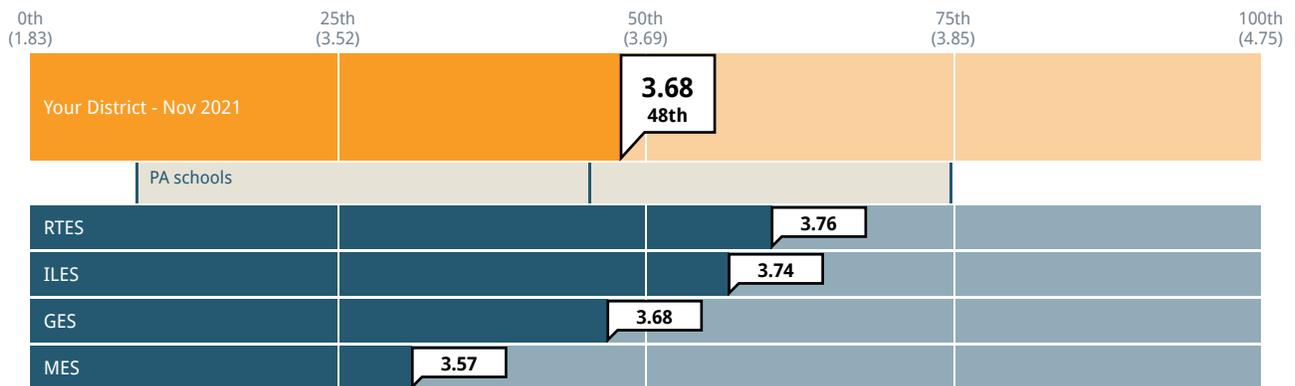

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

Cohort: PA schools Past results: on Subgroup: School

My child is safe from bullying during school.

1 = Strongly disagree 3 = Neither agree nor disagree 5 = Strongly agree

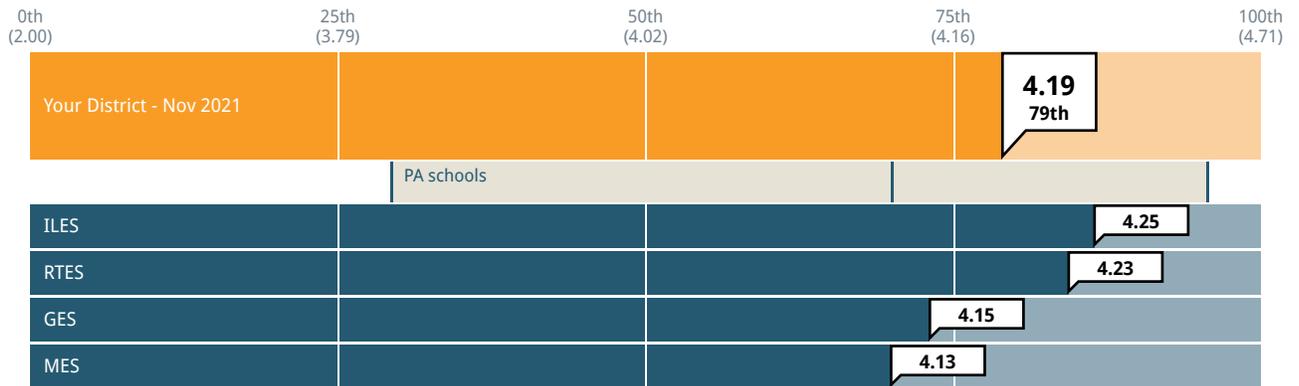

Cohort: PA schools Past results: on Subgroup: School

The following question is not included in the School Safety theme because it is only asked of families whose children attend school in-person.

My child is safe from violence at school.

APPENDIX

YouthTruth gathers candid family feedback through a confidential online survey. YouthTruth conducts rigorous analysis on the quantitative data and qualitative comments. This is designed to be an actionable report, and compares your results to those of other schools across the country.

The details of your survey are:

Survey	Survey Population	Number of Responses Received	Survey Response Rate
RTES	428	187	44%
MES	488	276	57%
ILES	480	256	53%
GES	518	186	36%

Comparative Dataset

INTERPRETING YOUR RESULTS

This report reflects perceptions in your school as captured by the YouthTruth survey instrument. The dataset to which we compare you contains only schools that have participated in YouthTruth. Therefore, we consider this report to be an informative, though not comprehensive, source of data. The comparative data included in this report offers a helpful point of reference for interpreting feedback from family members in your school, but does not comprise a representative sample of U.S. elementary schools.

We encourage you to interpret this feedback in light of your own goals, strategies, and context, and to review it in conjunction with other data sources that you use to monitor your school's progress.

COMPARATIVE DATASET

YouthTruth's elementary school comparative dataset includes 475 schools, and the average response rate is 30% percent.

The number of schools in the table below may be slightly different than the number of schools in the comparative dataset because: 1) the comparative dataset includes international schools, and 2) schools are occasionally double counted in this table if they participated in YouthTruth once through their district and once through a network of which they are a part, or if they participated through two different networks.

Schools from the following districts and charters networks comprise the comparative dataset for this report:

District	Number of Schools
California	
Amethod Public Schools	1
Apple Valley Unified School District	10
Azusa Unified School District	10
Belmont-Redwood Shores School District	1
Davis Joint Unified School District	9

Methodology

SURVEY ADMINISTRATION

Family members participated in the YouthTruth Family Survey during a multi-week survey window. The survey was administered online, with administration coordinated by school personnel.

REPORTING THRESHOLD

Throughout this report, we remove any results reflecting responses from fewer than five respondents in order to preserve respondent confidentiality. If fewer than five respondents of any given subgroup at your school respond to a particular question, the average rating of that particular subgroup for that question will not appear in your report. If fewer than five respondents of any given subgroup at your school respond to the entire survey, the average ratings of that particular subgroup will not appear separately for any questions, although they will contribute to your overall ratings.

ABSOLUTE VS. RELATIVE RATINGS

Throughout this report, you will see a number of references to the "typical" YouthTruth school. These guidelines describe our approach to characterizing schools' results relative to the "typical" school.

- **For likert questions (1-3 or 1-5 scale):** Results are described as "higher than typical" when they fall at or above the 60th percentile in the comparative dataset – that is, higher than 60 percent of other elementary schools that have participated in YouthTruth. Conversely, results are described as "lower than typical" when they fall below the 40th percentile – or, lower than 60 percent of other participating elementary schools.
- **For questions allowing multiple responses (e.g., Do any of the following make it hard for you to do your best in school? – Home life; extracurricular commitments; etc.):** Results are considered "higher than typical" when they are at least 8 percentage points higher than the results for the median school in the comparative dataset, and "lower than typical" when they are at least 8 percentage points lower than the median.
- **For categorical questions allowing only one response (e.g., Do you want to go to college? – Yes; No; Maybe; I'm not sure):** Results are considered "higher than typical" when they are at least 8 percentage points higher than the results for the average YouthTruth school, and "lower than typical" when they are at least 8 percentage points lower than the average.

COHORT AND SUBGROUP COMPARISONS

To help make comparisons more contextually meaningful, you can toggle to compare your results to a subset of participants with similar characteristics. Groups that are similar to your school's characteristics are marked with an asterisk. Most schools participate in the YouthTruth surveys alongside other schools within their local school district or network. When this is the case, schools can compare their results to those of other schools in their district or network. Reports also include a set of comparison groups that allow for comparisons across school-level indicators related to poverty, school size, school type, and geography. These groups include:

Cohort Name	Description	Number of schools
PA schools	Schools located in this state.	24
Alternative schools	Schools that (1) address needs of students that typically cannot be met in a regular school, (2) provide nontraditional education, (3) serve as adjuncts to regular school, or (4) fall outside the categories of regular, special education, or vocational education.	2
Charter schools	Publicly funded, independently managed schools established under the terms of a charter with a local or national authority.	40
COVID-19 schools	Schools that fielded surveys in the time of COVID-19 (after March 2020).	300
High poverty schools	Greater than or equal to 70% of a district or school's students receiving free or reduced price lunch.	162
Large city schools	Schools located in an urbanized area and in a principal city with a population greater than or equal to 250,000.	66
Large size schools	Greater than or equal to 600 students.	3
PBL schools	Schools utilizing project-based-learning models as part of curriculum.	38
Rural schools	Schools not located in an urbanized area.	71
Small city schools	Schools located in an urbanized area and in a principal city with a population of less than 250,000.	72
Small size schools	Less than or equal to 150 students.	60
STEM schools	Schools utilizing a curriculum focusing primarily on science, technology, engineering, and math.	17
Suburban schools	Schools located in an urbanized area, but outside a principal city.	242

Cohort Name	Description	Number of schools
2020-21 Distance learning schools	Schools that fielded surveys in the 20-21 school year while operating under a distance learning model.	153
2020-21 Hybrid learning schools	Schools that fielded surveys in the 20-21 school year while operating under a hybrid learning model (with students engaged in both distance learning and in-person learning).	48
2020-21 In-person learning schools	Schools that fielded surveys in the 20-21 school year while operating under an in-person learning model.	8

*Your school is in this cohort (*School Reports only*).

The four geographic cohorts are defined based on collapsed categories using NCES locale codes. For more information on NCES methodology, please visit http://nces.ed.gov/ccd/rural_locales.asp.

Respondents are also asked a series of demographic questions, the responses from which are used to create subgroup comparisons that you can toggle throughout your report.

SUMMARY MEASURES

YouthTruth survey questions are grouped into summary measures, each of which captures data from statistically related questions. To identify these summary measures, YouthTruth uses factor analysis, a statistical tool that analyzes underlying patterns in the data.

In your report, subsections titled, for example, “Engagement Questions” include the survey questions that comprise the summary measure, or factor, describing Engagement. Subsections titled “Related Questions” contain survey questions that are thematically but not statistically related to the factor.

For the middle and high school Overall School Experience surveys, certain summary measures were developed after the launch of the survey. Therefore the number of schools in the comparative dataset for those questions. For more information about the development of summary measures and the analytical techniques used, please refer to the YouthTruth Design and Methodology Report [here](#).
