The Delaware County Public Schools Healthcare Trust was formed for the purpose of providing benefits for participating school districts, intermediate unit, vocational-technical schools, municipalities established by the Laws Of Commonwealth Of Pennsylvania, and Community Colleges providing education within Delaware or Chester County.

A goal of the Trust is to keep healthcare costs affordable by educating members on ways to promote better health and wellness, in order to help keep healthcare-related costs down. The Delaware County Public Schools Healthcare Trust contracts with Arthur J. Gallagher for third-party administrative services to provide consulting and analytic services.
