*Eleanor DiMarino-Linnen, Ph.D.
Superintendent of Schools*

District Communications to Parents

Our voice broadcast system allows you to configure how you receive information from the district and schools. The system is populated with your guardian information from the emergency cards you completed. The link to the portal is found here: <https://go.schoolmessenger.com>.

Download the SchoolMessenger mobile app if you would like to access/modify settings and historical messages on your mobile device.

If you are a new family in the district or never created an account, click on the Sign Up button. Use the email address you gave to the school when you registered your child and create your account. Follow the instructions in the email message to active and finalize your account.

If you choose not to create an account, you will receive general messages at Guardian 1 home phone and emergency messages at Guardian 1 home phone and cell phone.

The District has recently changed our website, www.rtmsd.org. The structure has been changed based on feedback from a parent survey earlier in the year. The District has standardized the options on each School's page and has put frequently used options immediately under the opening picture. The Parent Portal has also been restructured to consolidate information of interest to parents. Other noteworthy changes are the electronic absence forms found on each School's homepage and the Day of the Cycle displayed on each homepage.

RTMSD Mobile App

The updated website is mobile friendly so the RTMSD app has been removed from the app store on Google Play and iOS devices.

Children First.....Always!
